Try it today!

For Microsoft® FS9, FSX and ESP, Prepar3D® and X-Plane®
Compatible with ALL aircraft
Compatible with FMGS JeeHell, Project Magenta and AST

"I installed your Instructor Station on a networked PC and I like it very much. Every few months I visit full-flight simulators of LUFTHANSA flight training in Frankfurt, and the instructor stations of these simulators are very similar..."

T.R. (Germany)

"Your program is excellent, I worked for Boeing in flight training / simulation for many years and it's as good as any I have seen!" G.A. (USA)

INSTRUCTOR STATION
